2021 TE-CO/Toolex Pricing Adjustment Notification

Dear Valued Customer,

April 1, 2021

After carefully analyzing our rising costs for raw materials, transportation, manufacturing and operations, TE-CO will be making a weighted average price adjustment of 5% on all products within the TE-CO and Toolex product lines. The pricing adjustments will become effective on Tuesday, June 1, 2021. The new pricing file will be available through the TE-CO.com website on May 1, 2021.

Orders that arrive before June 1 will be invoiced at the current pricing levels. Blanket orders placed with release dates extended out past the June 1 date will be invoiced at the adjusted pricing schedule that will become effective on June 1, 2021.

The TE-CO management team is committed to continuing to offer our customer base the top quality you have come to expect and deserve when purchasing premium grade products that are manufactured in the United States by hard working American women and men.

TE-CO greatly appreciates your continued business and support through this time of economic change as we work together to reshore the supply chain and bring jobs and security back to the United States.

If you have any questions about the above changes or would like to discuss any other opportunities that we may be able to partner with you on that will help your company grow and prosper in 2021 and beyond, please contact me so we may discuss.

Thank you for your business, Ray
